## Because Experience Matters!

**“ My father was murdered....** immediately Mike understood the devastation my family endured. He opened his heart ...Mike was attentive, kind, caring during the darkest times of my life. Mike’s determination and passion was continuous.”

**“My nephew was murdered...and** Mike Kavanagh was assigned as the prosecutor on the case.

From the very beginning he treated my nephew’s murder with dignity and respect. Throughout the nightmare ordeal, his representation was thoughtful, diligent, intelligent and compassionate, his purpose was clear to get justice for my nephew’s life. And he did. Government needs good, compassionate officials that know how to serve the law and humanity at the same time...”
