

DON TUCKER

FOR SAUGERTIES TOWN BOARD

If you want a strong voice on the board please vote for me. I am not afraid to vote "NO" on things we can't afford. We need to respond positively on property assessments when residents have a complaint, not just send a letter saying, "There is nothing we can do." We must and can do better than that. We need to seriously build up our reserves and give significant tax relief to the residents who are paying the bills. We need to reverse the spending trend by taking positive action as a board.
