CHECK THE FACTS:  
1) Senate minority floor amendments, 2021-2022 Legislative Sessions

- ✗ Michelle Hinchey is soft-on-crime, and has sided with dangerous criminals over law-abiding citizens and law enforcement professionals by failing to repeal the notorious Cashless Bail Law.
- ✗ Even after the law became a spectacular failure, she doubled down on it – repeatedly voting against common sense amendments to repeal the law.<sup>1</sup>
- ✗ Hinchey has been endorsed by the WFP, a far-left political party that has openly called for defunding the police.

Michelle Hinchey is dangerously liberal on crime.
