

Hi Gaetana,

Thank you so much for your reply *[this writer asked questions about Gaetana's position on different issues]*. I appreciate all that you say and am grateful for the opportunity to vote for someone other than Mr. Costello. I have passed this on to others with concerns similar to mine.

It would be great to meet you. I will be at the November 19th meeting, although I am not sure that I will speak, as I am not a technical issues person and have spoken before and sent letters.

Blessings and best to you,
